- **Description of the event :**

Awareness on Catia Wildfire 5.0 by Dassault Systems was organized on 23.06.2014 for the students of S.E., T.E. And B.E. Mechanical Engineering under the Value Added Program Series.

Catia Wildfire 5.0 is basically meant for Automobile and Aerospace Industries.

This application differentiates the contents from Pro E Creo 2.0

Mr. Rahool Singh , Value Solutions Dassault Systems was invited for the awareness program. After successful completion of the training, the certificates for **Catia Wildfire 5.0** would be provided by **Dassault System** with official Logo.

Mr. Vikram Jadhav and Mr. Sameer Latkar provided information on Pro E Creo 2.0 and Ansys.
