Event Report

Event Name (Blind C Coding)

Blind C coding is for all computer engineering & IT engineering students. This is completely based on programming knowledge of c language. The students have to write program in c language during which monitor screen is off.
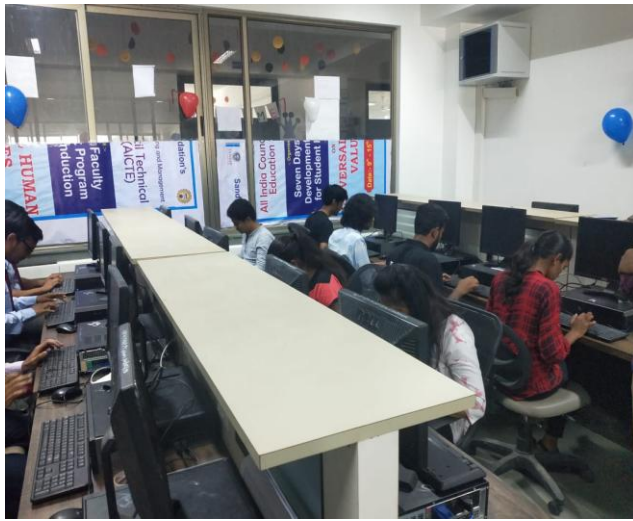

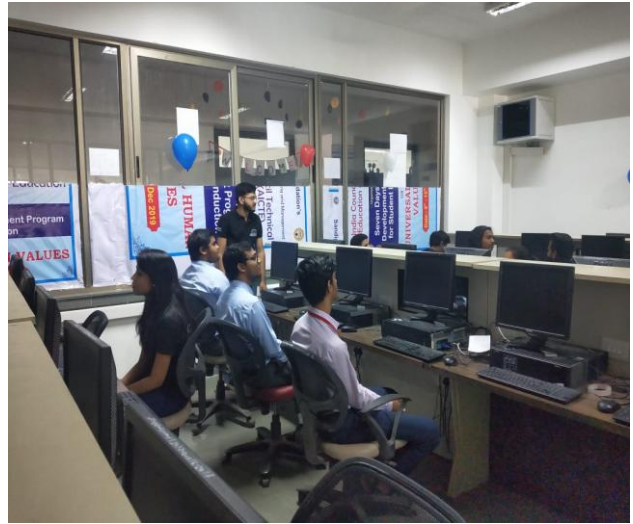

This event divided into three rounds:

1) **1st Round -** Basic programs of c language like addition of two numbers, finding factorial of any number.
2) **2nd Round –** Intermediate level programs in c language like calculate length of array, matrix program.
3) **3rd Round –** Advanced program in c language like pattern priting,pascal triangle

Students take this event as a opportunity to show their skills and knowledge of C programming.

Total no. of participant: 20

Names of Winner and Runner up:

Team no	Sr. no.	Name of the student	Name of the institute	Place
1	1	Satyam Jangale	KVN Naik College	Progarmming Lab,Computer Department, SIEM
5	2	Mrunal Gandhi	Sandip Institute of Engineering & Management
