Event Report

Poster Competition

The poster presentation consists of a visual display of social issues, research, findings combined with an interactive question and answer period with a panel of judges.

This event divided into three rounds:

1) Aptitude test of 45 minutes – 8 groups shortlisted for second round
2) Software round – Here in this round we have drown output waveform on the board and asked students to get that waveform using any design in Proteus software from this round 5 groups selected for the final round.
3) Hardware round – In this round we asked participants to design & implement Instrumentation amplifier using the components & instruments provided to them. After Implementation our Judge examined that output and taken Viva .on the basis of performance and the Viva we decleared Winner and Runner up groups.

Students take this event as a opportunity to show their skills and knowledge of electronics circuits.

Total no. of participant:

Names of Winner and Runner up:

Team no	Sr. no.	Name of the student	Name of the institute	Place
1	1	Jayesh Khaire	HPT Nashik	Computer Department, SIEM
2	2	Satyam Janjale	KVN Naik COE, Nashik
