

**Sandip Foundation's
Sandip Institute of Engineering and
Management, Nashik Department of
Computer Engineering
Academic Year 2019-20 Sem - I**

Report on Guest Lecture

- 1. Event Title: Expert Lecture on “ Income Tax and depreciation”**
- 2. Event Date: 24th September 2019**
- 3. Event Conduction Duration: 1 day (Timings: 1 pm to 3pm)**
- 4. Event Venue: T.E. Classroom , Computer Department, SIEM.**
- 5. Event Resource Person Details: Prof. Shrenik Achaliya, Sandip University**
- 6. Name of Event Coordinator: Dr. Prof. K.C. Nalawade**
- 7. Expected Audience: Students of Third year Computer Engineering Department.**
- 8. Number of Participants: 31**
- 9. Course Content: Engineering Economic Decisions, Time Value of Money, Project Cash-Flow Analysis, cash flow analysis done in start-up companies.**

10. Event Objectives & Outcomes:

11. Objectives:

To Prepare engineering students to analyze Equivalence Calculations under Inflation, Present-Worth Analysis, Annual-Equivalence Analysis. Case Studies -comparative analysis of software enterprises from relevant domains.

Outcomes: Perform and evaluate Equivalence Calculations under Inflation, Present-Worth Analysis, Annual-Equivalence Analysis. Case Studies -comparative analysis of software enterprises from relevant domains.
