Report on Inauguration of Robotics Club

Department: Computer Engineering

Academic Year: 2017 - 2018

Date: 04/04/2018

Inauguration of Robotics Club

- **Name of Event :** Inauguration of Robotics Club
- **Purpose:** The aim of the Robotics Club will be to support and foster interest in various aspects related to robotics; in particular, mechanism design.
- **Expected audience:** Students of all Branch.
- **Duration (date / time):** 4th April 2018.
- **Coordinators :** - 1) Prof. M V Korade

Objectives:-

1. To develop a strong understanding of the fundamentals of mechanical engineering, electrical and computer engineering and control systems in a cooperative framework.
2. To build skills to solve complex problems across disciplinary boundaries.
3. To apply innovative techniques to solve societal and technological problems.
4. To understand professional and ethical responsibility
5. To form a discussion boards on latest trends of CSE & Robotics which indeed improve their communication skills
6. To develop an ideas and entrepreneurial mind set.
7. 7. To grow an ability to use modern engineering tools and techniques.
