Talk/Competition/Industrial Visit

1. Event Title: SAE BAJA 2019

2. Event Date: 07/03/2019 to 10/03/2019

3. Event Conduction Duration: 10am to 5pm

4. Event Venue: IIT Ropar, Punjab

5. Event Resource Person Details (Speaker Image, Speaker name, Designation, company name) :
SAE India and sponsored by Mahindra and Mahindra

6. Name of Event Coordinator: Prof. Tushar D Patil

7. Event Objective & Outcome : Over the years Baja has grown in popularity and has become a bigger event nationally. It serves as a platform for young engineering talent to showcase their skills and acquire a real life experience while overcoming obstacle and challenges.

It was 11th edition of BAJA SAEINDIA in the coming year 2019. Several factors contribute to making a winning buggy. First and foremost the buggy has to meet the strict specification of the rule book. The philosophy hasn't changed since the event's birth back in 1976 – the teams still need to build a simple all-terrain vehicle for recreation purpose that is aesthetically and ergonomically sound while still being a fun and durable machine in the real world conditions. The evaluation process for the BAJA SAEINDIA is a twofold process and students have to clear the Virtual Baja preliminary round before they start manufacturing their buggy's for the main events.

Team Delta genesis of SIEM secured first position all over India, in SAE BJA 2019 and won the prize of Rs.3lacs. Also team has won first prize in design event and won the prize of Rs. 50k.

8. Event photos which must include photos of Inauguration, felicitation, event conduction and valedictory ceremony. (If applicable)

9. No of Participants: 25
