**Sandip Institute of Engineering &
Management (SIEM) College Code - 5331**

Department of Electronics & Telecommunication

Event Title: Felicitation of Toppers & placed students from BE batch 2021-2022

Event Date: 5th May 2022

Event Conduction Duration: 2 hrs (11.00 AM - 1.00 PM)

Event Venue: - Civil Seminar Hall, SIEM, Sandip Foundation, Nashik

Participants – SE, TE & BE students from E & TC Department

Name of Faculty coordinator: Prof. Indrajit Sonawane, Prof. Aakash Shrivastav, Prof. Yogesh Risodkar and all faculty from E&TC department

Objectives:

Objective of this program is to congratulate last year placed students and toppers from SE, TE class. On this occasion Training & Placement Officer of Sandip Foundation Prof. Indrajit encourage students on how they should look very seriously towards their placements in last year. Also, how hard as well as soft skills plays important roll in dream job. HOD of E&TC department Prof. Risodkar mentor students that how students play very important role in overall development of department & academics. Placed students from last year shared their thoughts & views regarding their placement journey. Aim of this event is to give vision to TE & SE students about their placement activity and to gear up for the same right now.

Outcome:

- SE & TE students get motivated by perceiving achievements of their senior friends.
- Students came to know that though they may get failure at first attempt but it may become first step towards their success by listening it from placed students' journey.
- Students get motivated by paying attention on inspiring speech by Prof. Indrajit.
- Heart touching true words by Prof. Risodkar guides students about their academic role in the department which concludes their resume in terms of good grades.

- Students understand how skills pay major attention in resume and in getting best job opportunities. Skills may be in terms of academics and in terms of extra-curricular activities.
- Students realize that Communication skills, team work, Presentation skills, leadership play an important role in career development.
