

Sandip Foundation's
Sandip Institute of Engineering and Management,
Nashik Department of Mechanical Engineering
Academic Year 2022-23

- **Event Title:** Expert Lecture on “3D Printing Technology” at Loknete Gopalraoji Gulve Polytechnic, Nashik
- **Event Date:** 10/02/2023.
- **Event Conduction Duration:** 01.30 pm to 04.30 pm
- **Event Venue:** Seminar Hall of Gulve Polytechnic, Nashik
- **Name of Event Coordinator:** Prof. S. B. Ambekar & Prof. P. P. Kulkarni
- **Event Objective & Outcome:**
- **About Program**

The Department of Mechanical Engineering of Sandip Institute of Engineering & Management, conducted the expert lecture on on “3D Printing Technology” for diploma students of Loknete Gopalraoji Gulve Polytechnic, Nashik . The expert lecture delivered by Prof. S. B. Ambekar & Prof. P. P. Kulkarni. In this session explained about 3D Printing technology used in recent. Digital fabrication technology, also referred to as 3D printing or additive manufacturing, creates physical objects from a geometrical representation by successive addition of materials. 3D printing technology is a fast-emerging technology. Nowadays, 3D Printing is widely used in the world.
