Report on Value Added Programs on GD&T

- 1. Event Title:** *Value Added Program on GD&T for Mechanical Students*
- 2. Event Date:** 08/03/2022 to 14/03/2022 10.00 am to 05:00 pm
- 3. Event Duration:** 35 Hours
- 4. No. of Students:** 25
- 5. Resource Person:** Prof. S. J. Chede
- 6. Venue:** Department of Mechanical Engineering
- 7. Event Objective & Outcome :**

Scope of the Value Addition Program included training on Basic Metrology, 3D- Coordinate Measuring Machine & Geometric Dimensioning and Tolerancing. The Contents were divided in 5 Days. Basic Metrology included Measurements and terminology related measurements, Environmental factors and its effects on measurement, Controls and discipline. Linear Measurements covered the Non precision and Precision Instruments, Geometry, Gauging, Form Errors, Basic 7 QC Tools and understanding of ISO 9001 Quality Management System. More focus was given on G.D. & T on day 2 and day 3 along with 3D- Coordinate measuring machine. What is G.D. & T, Advantages, Key Terms, Details related to the concepts like RSF, MMC, LMC Datum, Datum Feature etc followed by exercises. Both, G.D. & T and 3D- Coordinate measuring machine were explained with some component drawings and some practical examples from day-to-day life. The overall impact of the course content and the speaker was good. Students showed lot of interest during the course . Frequent Question and Answer sessions allowed the students to get their doubts cleared from the speaker.
