Outcomes:

The session was conducted successfully with the students at Mechanical Engineering Seminar Hall. It helps students a lot and clears their issues regarding beautifully “If I fail”, which was the question in the minds of many students. He started with the line “Success does not come in one try. It takes a lot of perseverance and effort to succeed in something. In this process, we sometimes fail. And although this failure can seem very disheartening, we must not stop there. This is because failure is merely the stepping stone to success”. The session was very interactive for students as well as for faculties. There were students from various department present and clearing their doubts during the question-answer round
