

International Affairs Cell

Visit of delegates from Applied Computer Science SRH University Heidelberg, Germany

Venue: Sandip Foundation & Sandip University Campus

Date of Visit: 29/11/19.

Dean of International Affairs Dr. Dipak Patil accompanied by the Principals and deans of all Engineering and polytechnic institutes of Sandip Foundation as well as Sandip University held a “very positive and productive” meeting with the delegates from Germany and both sides vowed to work closely in order to enhance bilateral cooperation. Prof. Dr.-Ing. Gerd Moeckel discussed with the authorities the overall administration process of the SRH University Heidelberg, Germany.

Dean International Affairs emphasized that relationships and strong networks were important in securing internships and jobs overseas hence students should make friends beyond the Indian Community and also noted that students would get 18 month's visa extension after completing their degree in Germany till the time they get placement.

Delegates from Germany also held bilateral meetings with the Dean School of Computer Science from Sandip University and the Head of the Computer Department from SIEM and insisted on research collaboration and invited them to visit SRH University Heidelberg. The guidance given by Mr. Vishnu Jaitly was professional and comprehensive covering all aspects.
