Introduction to Event (Crosswords)

We arranged the Crosswords events at SIEM, Nashik, which was open to all students, also for the students of other colleges**.** Crosswords was organized first time in Techfight of computer department. The crosswords event gave great opportunity to the students to showcase their skills and enjoys the event also win exciting prizes. Many students participated in this event and made it a grand success.

In crosswords event you need to have good word making skills along with time management. This event took place on 16th and 17th of February at Programming lab of computer department , SIEM, Nashik.

Technical crosswords is a word forming based game played or performed with the help of ready made questions, it is indoor game. It is just like solving any quiz.

It was a team based event each team required atleast one and atmost two members to participate in this event. Teams were told to play two levels. For first level they we're given hints and they we're expected to mark the words from the given jumbled letters and for second level they needed to fill the words with the help of given hints. The team that required minimum time and marked maximum words we're the winner for the crosswords event.
