Event Title: Aptitude Test I & II

Event Scheduled: 19th July & 25th July 2024 (3:00PM- 5:00 PM)

Timing: 3:00 pm onwards.

Event Venue: Third year classroom, SIEM, Sandip Foundation, Nashik

Participants: TE students of E&TC Department

Name of Faculty coordinator: Prof. Amit Kr. Mishra, faculty from E&TC department

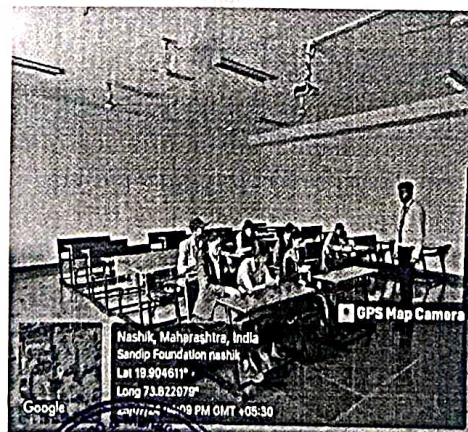

Objectives:

The objective of an aptitude test in an engineering college is to evaluate the abilities and potential of students in various areas that are essential for success in engineering studies and careers. These tests typically aim to:

- **Assess Basic Skills:** Measure fundamental skills such as mathematics, logical reasoning, and problem-solving abilities, which are crucial for engineering courses.
- **Evaluate Analytical Thinking:** Determine the student's ability to analyze complex problems, think critically, and apply logical reasoning to arrive at solutions.
- **Gauge Technical Knowledge:** Test understanding of basic scientific and engineering concepts to ensure students have a solid foundation for advanced studies.
- **Enhance Learning Experience:** Use the results to tailor educational programs and support services to better meet the needs of students, ensuring a more effective and personalized learning experience
