## DEPARTMENT OF COMPUTER ENGINEERING

### 10. Event Objectives & Outcomes:

- **Objectives:** The Power Platform PL-900 course aims to provide foundational knowledge of Microsoft Power Platform and its core components. It covers the basics of Power BI, Power Apps, Power Automate, and Power Virtual Agents, including how to create simple Power Apps, connect data with CDS, build a Power BI Dashboard, automate basic business processes with Power Automate, and create a chatbot using Power Virtual Agents. This course is designed for students who are new to Power Platform and want to gain a solid understanding of its capabilities and benefits.
- **Outcome :** Upon completing the Power Platform PL-900 course, students will have a clear understanding of the Power Platform's core components and their business value. They will be able to create simple applications, automate workflows, build dashboards, and develop chatbots. This foundational knowledge will prepare students for further certifications in the Power Platform and roles that involve working with Power BI, Power Apps, Power Automate, and Power Virtual Agents.

### 11. Photos :

The poster features a red background with white and yellow text. At the top left is the Sandip Foundation logo, and at the top right is the Microsoft logo. The main title is 'Training on MICROSOFT POWER PLATFORM PL 900'. Below the title, there are three white rounded rectangles containing the dates '25th-28th June, 2024', the time '10:00AM Onwards', and the venue 'Venue- SIEM Computer Seminar Hall'. A photo of Ms. Srishti Khampariya, a Data Analyst and Authorized learning Partner for Microsoft, is positioned on the right side. At the bottom left, there is a section for 'Coordinators' with contact information for Prof. Mahesh V. Korade and Prof. Vishal V. Mahale.
