- 3. Event Conduction Duration:** 4Hrs.
- 4. Event Venue:** Sandip Foundation Campus
- 5. No. of Attendies :** 60 Students and Teaching Staff of SIEM.

Program Objective &Outcome:

Event Overview:

On March 6, 2023, Sandip Foundation hosted an exciting Business Plan Competition that brought together innovative minds from within and outside the institution. The event provided a platform for students to showcase their entrepreneurial skills by presenting their business ideas to a panel of judges comprising industry experts and faculty members. The competition aimed to foster a spirit of innovation and entrepreneurship among students and reward the best ideas with recognition and support for further development.

Program Objective:

- To encourage students to develop and present innovative business ideas that have the potential to be transformed into successful ventures.
- To provide participants with a real-world experience of pitching their ideas to industry experts, simulating the process of seeking investment and support for startups.
- To promote healthy competition among students and institutions, fostering an environment where creative ideas are nurtured and rewarded.
- To recognize and reward the best innovations, providing winners with the motivation and resources to pursue their entrepreneurial aspirations.

Program Outcome:

- **Enhanced Entrepreneurial Skills:** Participants gained valuable experience in developing and presenting their business plans, enhancing their entrepreneurial skills and confidence.
- **Recognition of Talent:** The competition identified and rewarded the most promising innovations, encouraging students to continue refining their ideas and pursue their entrepreneurial goals.
- **Networking Opportunities:** The event facilitated connections between students, faculty, and industry experts, opening up opportunities for mentorship, collaboration, and further development of the presented ideas.
- **Increased Interest in Entrepreneurship:** The competition inspired more students to explore entrepreneurship, leading to a growing interest in startup culture within the institution.
