

### DEPARTMENT OF COMPUTER ENGINEERING Academic Year 2024-2025 SemesterI

**Engineers' Day celebration 2024** 

- 1. Event Title: Engineers' Day celebration 2024
- 2. Event Date: 15/09/2024
- **3.** Event Conduction Duration: 11:30 AM to 1:30 AM
- 4. Event Venue: Civil Seminar Hall
- 5. Chief guest: Dr. Rama Abirami Karuppaia
- 6. Name of Event Coordinator: prof.sourabh Kumar Singh
- 7. Expected Audience: Computer Engineering Students
- 8. Number of Participants: 143

**Event details:** Faculty in charge Prof Saurabh Kumar serving as the facilitator. The event aimed to inspire and educate the students about the vital role of "engineers in shaping the future". First, second, and third-year students were in attendance, contributing to a vibrant atmosphere of learning and engagement.

The principal Prof. Dr. D. P. Patil and vice principle Dr. Kamini Nalavade gave their presence and motivated the children to move forward and told what is the specialty of Engineers Day

Dr. Rama Abirami Karuppaia captivated the audience with her insightful presentation on the current trends and future prospects in engineering. She discussed innovative technologies and their implications for the industry, motivating students to remain curious and proactive in their learning. Her emphasis on practical applications of engineering principles resonated deeply with the attendees.

### DEPARTMENT OF COMPUTER ENGINEERING

As part of the program, third-year students presented on famous engineers throughout history, highlighting their contributions and the impact they had on society. This presentation provided an insightful context for the day's discussions and celebrated the legacy of engineering innovation.

#### 9. Event Objectives & Outcomes:

#### **Objectives**

- 1. To acknowledge the hard work and innovations of engineers that contribute to national development.
- 2. To raise awareness about the engineering profession and its importance in various sectors.
- 3. To encourage students and young people to pursue careers in engineering.
- 4. To highlight recent advancements and innovations in engineering fields.
- 5. To create a platform for professionals to connect, share ideas, and collaborate on projects.

#### Outcomes

- 1. Enhanced public understanding of the role of engineers in society.
- 2. Greater interest among students in pursuing engineering disciplines.
- 3. Opportunities for engineers to enhance their skills through workshops and seminars.
- 4. Awards and honors for outstanding engineers, promoting excellence in the field.
- 5. Strengthened ties between engineering professionals and the community through outreach programs.
