- 6. Program Objective & Outcome:**

Every year, the world celebrates World Intellectual Property Day on April 26 which aims to spread awareness about intellectual property (IP) rights and how it encourages innovation and creativity to drive human progress. The World Intellectual Property Office (WIPO) established this day in 2000.

World Intellectual Property Day offers a unique opportunity to join with others around the globe to consider how intellectual property (IP) helps the global arts scene to flourish and enables the technological innovation that drives human progress. The campaign is also an opportunity to highlight the role that IP rights, such as, patents, trademarks, and industrial designs, copyright; play in encouraging innovation and creativity.

This event organized by Civil Engineering Department, SIEM. For this occasion all staff of SIEM, participate the programs and all students also participated. We had group discussion with staff and students, regarding Word Intellectual Property Day.
